Residential on 0.22 Acres

Spinnaker Point, Carlsbad, CA

Renovated by the current owner for their own use, this Spinnaker Point home underwent a full-scope remodel that went well beyond cosmetic updates. The work included new windows and doors, a new kitchen and baths, new flooring and landscaping, substantial roof repairs, and electrical and plumbing updates. The result is a turnkey home with cohesive finishes throughout and an open floor plan connecting the kitchen, dining, and main living spaces. The home also includes flexible interior bonus spaces for multiple uses. One room is sound-insulated and works well for media, music, gaming, office use, or a quiet retreat. Another adjoining space is currently used as an arts & crafts and reading room. The views are a defining part of the home. Ocean, hillside and sunset views open to the west, while the eastern side of the property looks toward the mountains. Upstairs, a large deck extends the living space outdoors with room for dining, seating, and entertaining while taking in the western views. The approximately 9,500-square-foot lot is flat and usable, with new landscaping and a large yard that connects easily to the interior living spaces. An oversized three-car garage provides substantial parking, storage, and workspace. Set on a quiet yet lively street with no HOA and convenient access to Carlsbad Village, beaches, shopping, dining, and the 5 and 78 freeways, this property combines a major renovation, flexible living space, a usable yard, and expansive views in one complete

Carlsbad home.
