RARE SINGLE LEVEL HOME JUST BLOCKS FROM THE BEACH. Located in close proximity to Moonlight Beach, in walking distance to the shops, restaurants and nightlife options in downtown Encinitas, this elegant, recently built custom home is the opportunity of a lifetime. Built in 2021, the home offers a designer-quality interior with modern finishes, wide plank oak floors and an ADU with riveting ocean views. An electric gated entry allows for privacy, while a well-conceived interior/exterior plan takes full advantage of the spacious lot, with large outdoor living areas that have been designed for entertaining and relaxation. In the open concept living room/kitchen and dining area, a wall of retractable glass doors connect to a completely private, partially covered patio with a custom water feature and custom lighting. Two story ceilings with exposed beams and clerestory windows bring light into the living room, where an integrated electric fireplace creates a modern aesthetic.

Showcasing the latest technology and style, the kitchen has furniture-grade wood cabinets, stone counters, a center island with a waterfall edge, a built-in refrigerator, and a gas range with pasta filler. With glass doors that open to the patio, a retreat with a fireplace and volume ceilings, the primary suite may be difficult to leave. The spa-like bath is equally appealing, as it has stylish designer tile, a freestanding tub, dual vanities and a walk-in shower. An office and two large secondary bedrooms with sophisticated en suite bathrooms complete the

floor plan of this single level home. The
