Encinitas, Encinitas, CA

Ocean views, a pool and spa, a private sauna, and sunset skies set the tone for this standout coastal retreat in Encinitas! One of just 13 custom homes built in 2019, this residence sits on a premier corner lot with ocean views, five bedrooms, four and a half baths, a three car garage with EV charger, owned solar, and thoughtfully designed indoor and outdoor living. The corner lot position floods the home with natural light from multiple exposures, while the ocean views create a daily backdrop that elevates every room. The main level features a first floor bedroom with ensuite, ideal for guests or flexible living arrangements. The kitchen opens to the living and dining spaces with quartz counters, stainless appliances, and an oversized island. Upstairs, the primary suite includes dual vanities, a soaking tub, walk in shower, and substantial closet space. A dedicated office on the second floor captures some of the best ocean sunset views in the home, creating an inspiring work from home setting. Three additional bedrooms complete the upper level. The backyard is entirely turf, pool, spa, sauna, and concrete, so minimal maintenance is required. Owned solar helps eliminate ongoing energy costs. The 2019 build offers current systems, quality finishes, and no deferred maintenance. Located minutes from Moonlight Beach with easy freeway access. This is turnkey Encinitas living with ocean views, modern construction, efficient design, and a location that delivers on the coastal lifestyle.
