Residential

Via Capri, La Jolla, CA

Checks all the boxes! This three bedroom, two bath single level 2378 square foot home with a one bedroom, one bath plus kitchenette casita has everything you have been looking for. A breathtaking north shore white water ocean view awaits you when you walk into the living room with its open beam cathedral ceiling. There is a two-sided fireplace that separates the living room from the dedicated dining room, and a very large eat in kitchen with Subzero and Dacor appliances and more storage than you ever imagined. The third bedroom is currently being used as an office with built-ins, but could easily revert to a bedroom, and the oversized extended master provides sunrise and sunset views. The very spacious master bath with a stand alone tub and shower has been recently remodeled. There is an exercise resistance pool in a very private backyard patio overlooking vast undisturbed open spaces, a sheltered patio for outdoor entertaining between the house and the casita, and ample parking in both the front and the rear of the house. Fast possession is possible. We think it will check all the boxes for you.
