Residential on 0.16 Acres

Old Mission Village, Oceanside, CA

Welcome to this gorgeous, move-in-ready single-story home, lovingly cared for and thoughtfully upgraded, located on a quiet residential street. Offering four generously sized bedrooms and two beautifully updated bathrooms, this home combines comfort, style, and an unbeatable lifestyle. At the end of 2023, the kitchen was fully remodeled with light gray cabinetry, quartz countertops, and brand-new stainless steel appliances, including a dishwasher and refrigerator. A new washing machine was also added. The main living areas feature all-new flooring and baseboards, while the bedrooms offer newer carpet installed in 2022. The inviting living room is filled with natural light from a large picture window and showcases a restored original brick fireplace, complemented by Mediterranean-style tile at the hearth. In 2025, the guest bathroom received a full bathtub remodel, and the outdoor lanai was completely demoed and rebuilt to create an exceptional entertaining space, featuring built-in Bluetooth speakers, a ceiling fan, and more. Custom closet organizers by Closet World were installed in the primary bedroom and one additional bedroom. The primary bedroom, both bathrooms, hallway, and two of the three secondary bedrooms have also been recently painted. One of the bedrooms has a Murphy bed that folds out into a queen bed with drawers and a small wardrobe attached. The spacious backyard is a gardener's dream, offering peach, orange, guava, lime, loquat,

raspberry, and avocado trees, four raised garden beds, and plenty of space to relax and entertain.
