3 Bedroom, 2.00 Bathroom, 2,180 sqft

Residential on 0.13 Acres

North Mission Hills, San Diego, CA

First time available since 1969. Located on a secluded wooded cul-de-sac, this redwood home represents an amazing opportunity to restore a rare all-redwood home. Flooded with light, when you enter it seems there are windows and french doors everywhere. The 23-foot long living room has tree views along a bank of casement windows. Two fireplaces, one in the charming and cozy dining room. Oak flooring on the main floor which complements the redwood walls and beamed ceilings. Even the entry doors on the main level reflect the craft arts of the period. (Exact year of construction unknown). Downstairs is true flex-space, three large rooms, two suitable for bedrooms and one large utility room with laundry. Outside there is a small grassy front yard and a spacious and sunny courtyard with a ground level portable spa. Behind the house is a secluded and spacious backyard featuring a 24x24 trex deck--an incredible yard for entertaining. The downstairs is fantastic "flex space" with two large rooms plus a huge laundry room and workshop area. This can be an optional bedroom or family entertaining room. Bring your imagination to this space!
