Valley Center, Valley Center, CA

Perched atop a spectacular 6-acre hillside estate approximately 1,800 feet above sea level, this extraordinary luxury residence offers an exceptional blend of modern design, timeless craftsmanship, and breathtaking natural beauty. Extensively reimaged from the ground up between 2022 and 2024, nearly every element of this 2-bedroom home was meticulously rebuilt with premium materials and cutting-edge technology while thoughtfully preserving select original stonework surrounding the fireplaces and exterior—paying tribute to the home’s character and history. Designed to impress, the residence showcases stunning panoramic mountain and valley views in every direction, with Mount Palomar commanding the eastern skyline and sparkling Pacific Ocean views visible on clear days. Indoor and outdoor living merge seamlessly through expansive Fleetwood sliding glass doors and windows, flooding the home with natural light while framing unforgettable scenery. The interior is defined by exceptional finishes rarely found in residential construction. Elegant porcelain flooring imported from Eastern Europe flows throughout the home and is complemented by a multi-zone radiant heating system extending beneath every room—including the primary shower and built-in bench—all conveniently controlled through the sophisticated Control4 smart home system. Striking fossilized granite art niches sourced from Brazil create dramatic focal points throughout the home, while

exquisite Brazilian quartzite countertops in
Tempest Blue and Fantasy Macaubas elevate
the gourmet kitchen and baths.
